TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Art Unit: 2135

1. The amendments are not in the proper format in the most recent amendment. All amendments must be made relative to the original patent, not the previous amendment. Therefore, each new claim must be underlined in its entirety each time it is presented and showing all changes made to the original claims.
2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed. A supplemental oath/declaration is needed because of newly added claims 40-44.

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Telephone call was made to Mr. Oh on 8/24/2004 that mailing of notice of allowability is on hold because the amendments are not in the proper format in the most recent amendment. All amendments must be made relative to the original patent, not the previous amendment. Therefore, each new claim must be underlined in its entirety each time it is presented and any amend "original" claim must include appropriate bracketing and underlining showing all changes made to the original claims. Further, a supplemental oath/declaration is needed because of newly added claims 40-44. Mr. Oh agreed to submit new corrected amendment along with supplemental oath/declaration. However, no reply has been received.
